With updated measures in place, we launched the [IHG Clean Promise](#).

Good isn't good enough – we're committed to high levels of cleanliness. That means clean, well maintained, clutter free rooms that meet our standards. If this isn't what you find when you check-in then we promise to make it right. We are also partnering with Cleveland Clinic to further enhance our cleaning program with new science-led protocols and service measures.

Reception, Public Spaces, and Facilities

are disinfected every 1 – 2 hours with special attention to “frequent touch” spots.

We've reduced contact at check-in with touchless transactions, front desk screens, clean and disinfected key-cards, and paperless check-out.

We've established maximum occupancy levels and social distancing cues. Personal sanitation kit/items are available upon request.

We've introduced a guest communication handout outlining details for enhanced health & safety guidelines and operational hours and protocols for all outlets, the business center, gift shop, spa, fitness center, and pool.

We've compiled a comprehensive contact list of area medical providers and hospitals, available 24/7 at the front desk and security.

Our housekeeping team has implemented enhanced cleaning protocols of high touch-point areas at the front desk and lobby/public spaces.

We've increased the availability of hand sanitizer, sanitizing wipes, and other necessary personal protection equipment.

Our Clean Champion focuses on our guests and colleagues as they navigate the new environment and help on-property teams to consistently deliver elevated cleanliness standards.

New signage with health & safety reminders throughout the hotel.
